Countrywide Transporters
15 Moojebing Street
Bayswater W.A*

*To The manager
Dear Sir*

*Henry and Lyn Beal would like to say thank you for the way our house was transported, (to Lot 10 Sparoa Close, Northcliffe, W.A) the most courteous manner in which the four young men, Darren, Steve, Brad and Ben conducted themselves, it was a pleasure to have their company at our table and around the place.
You can be very proud of them.*

*We are sorry that the bank has been so slow in conducting their business, but we are grateful that the house was able to be put on site before the rains came.
Our friends remarked on the attitude of the young men, (of whom we kept thinking of as boys, but that is only because we all have children of their age groups).
Their skill at moving the trucks, sheer poetry in motion
Please convey our thanks to all concerned, if ever the boys are down our way they will be most welcome to share our table and home with them.*

Yours very Sincerely

Lyn & Henry Beal
